EAST RIVER TRAIL OTHER SECTIONS

Baird St./Mason St. Section (approximately .8 miles)

Starting from Baird Street near the East river in Green Bay and proceeding south, this trail section passes behind East High School's legendary City Stadium where the Packers played from 1925-1956. It then passes around Joannes Park and through Meyer Park terminating at Mason St.

Continuing across Mason St. heading east, you can connect with the main trail.

Cass St./Boyd St. Section (approximately .9 miles)

Starting from Cass Street near the river in Green Bay heading south, this trail section follows along the west side of the East River through large park areas to Boyd Street in Allouez.

EAST RIVER TRAIL

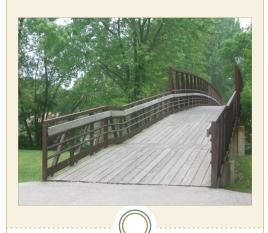

Main Trail Section (approximately 8 miles)

This trail section is a pleasant winding trail closely following the contours of the East River through the communities of Green Bay, Bellevue, Allouez, De Pere and Ledgeview.

The initial section of the trail from Green Isle Park in Allouez to Le Brun St. in De Pere was developed in 1990 with the generous financial support of local businessman, Dick Resch. A southern extension of about one mile into De Pere and Ledgeview was added in 2004.

A small trail section in Bellevue is routed through village sidewalks in order to go around elevated train tracks.

The total length of the trail from the south end in Ledgeview to the north end in Green Bay is about 8 miles.
